## **Online Training in Global Health**

### **UNIQUE ONLINE GLOBAL HEALTH TRAINING FEATURES:**

- All lectures are given by regional, national, and international content experts from Minnesota, the Centers for Disease Control and Prevention, and numerous nonprofit organizations.
- The Online Global Health Course focuses on the health of mobile populations such as immigrants and refugees.
- The Online Global Health Course includes a module on disaster response preparation.
- The Online Global Health Course includes training in the use of ultrasound in the diagnosis of tropical diseases.
- Health care providers may register for all modules of the course, register for specific individual modules of interest, and take the modules in any order.
- The Online Global Health Course is the first ASTMH approved course with an online component that satisfies ASTMH content requirements for certification in Tropical Medicine and Hygiene (CTropMed®).
- Participants may combine the online and in-person course modules to acquire comprehensive didactic information and hands-on experience.

### **ONLINE GLOBAL HEALTH COURSE OBJECTIVES:**

- Reduce disparities in health care outcomes for globally-mobile populations such as immigrants, refugees, travelers, and international adoptees/orphans.
- Provide the most current and relevant training and support for those who are committed to "Global Health".
- Inspire practicing clinicians, residents, and students to provide services in communities that are underserved.

### **ONLINE GLOBAL HEALTH COURSE GOAL:**

The goal of the Global Health Course is to provide medical education to local, national, and international health care providers so that they may become better able to confidently identify, correctly diagnosis, and appropriately treat their patients within the Global Village.

### **ONLINE COURSE INFORMATION:**

Detailed information regarding the Online Global Health Course is now available on the Global Health web site at:  
<http://www.globalhealth.umn.edu/globalhealthcurriculum/home.html>

### **ONLINE COURSE REGISTRATION:**

Course participants may register for the Online Global Health Course via the UMN Continuing Medical Education Office:  
<http://www.cme.umn.edu/online/globalhealth/>
