

University of Minnesota
Program of Mortuary Science

Personal Statement Guideline Form – Due by March 15th

The Admissions Committee requests a Personal Statement from all applicants as part of the admissions process. We ask that you prepare a typewritten statement of approximately two to three double-spaced pages (12 point font, 1” margins). In your essay, please share with the Admissions Committee the reasons you wish to pursue a degree in mortuary science. We would also like to know about meaningful work, volunteer, and educational experiences which may have influenced your decision to pursue a career in funeral service. You may also share with the Admissions Committee any additional comments or information which you believe are important for us to know as we consider your application for admission to the Program.

You may mail, fax, or e-mail your Personal Statement to the Admissions Committee.
