*Step 1 of the United State Medical License Exam (USMLE) must be completed prior to beginning a clinical rotation.

*MD/PhD Students are required to take a minimum of two clinical rotations in the summer prior to starting Graduate School. It is expected that you will complete between 10 and 12 weeks in period one and two.

*Students are encouraged to not begin until the third week of Period 1. This will allow additional time to sit for the Step 1 exam. (i.e. one six week required rotation and two-two week surgical subspecialties)

*Students may take a maximum of two six week required rotations from the Medical School Curriculum.

*This form is due in the MD/PhD Program Office by **February 1st**.
