

We would like to thank the following organizations for their generous contributions:

Medtronic

University of Minnesota Dental School

University of Minnesota Department of
Emergency Medicine

University of Minnesota Medical School

University of Minnesota Mortuary Science Program

As you leave the auditorium tonight,
you will receive a gift from the
Service of Gratitude Planning Committee.
The gift is intended to be a place for you to
capture your most treasured stories.

Gift cover art by Rashika Shetty
Gift cover poem excerpt from
"What Life Should Be" by Patricia A Fleming

Emcees: Rashika Shetty (Med Student) & George Khoury (Med Student)

The Legacy of Donation: An Engagement Opportunity

Immediately following tonight’s service, there will be an engagement session in Northrop Atrium. There will be researchers, educators and health science students available to discuss the medical advancements and training made possible through the gift of whole body donation. The researchers, educators, and students can also be identified by their nametags. Please feel free to introduce yourselves to one of our volunteers and learn more about The Legacy of Donation.

Here is the list of participants:

- Visible Heart Laboratories, Department of Surgery
University of Minnesota - Medical School
- Medtronic
- University of Minnesota Program of Mortuary Science
- Department of Emergency Medicine
University of Minnesota - Medical School
- Program in Human Anatomy Education
University of Minnesota - Department of Integrative Biology
and Physiology
- Department of Neurosurgery
University of Minnesota - Medical School
- Lions Gift of Sight
- LifeSource - Organ, Eye, and Tissue Donation
- Boynton Health's PAWS – Pet Away Worry & Stress
