The Fisch Art of Medicine Student Awards allow current University of Minnesota medical students to explore the arts, enriching the traditional medical school curriculum through creative expression.

PROJECTS
Any artistic, creative project will be considered, such as taking classes or courses, working with a mentor or teacher, or simply focusing on a creative pursuit. Please note: Preference is given to acquisition of new knowledge and skills, not the purchase of equipment.

PROPOSALS
Proposals should be approximately one page in length.

- Describe (in no particular order):
  - Goals and/or needs
  - Activities related to goals and/or needs (classes, retreats, travel, etc.)
  - Interest in the proposed area of study
  - Project budget (tuition, travel, accommodations)

- Be certain to include:
  - Name
  - Contact information
  - Year in medical school

FUNDING
No more than $2,500 will be funded per proposal. Requests for equipment, like computers or cameras, are not funded. However, materials (such as clay, paint, film, etc.) are often funded.

Priority will be given to students who will be in their fourth year of medical school in 2017-2018. Previous awardees are not eligible to apply.

TIMELINE
Proposals are now being accepted for funding in 2017-2018.

- Applications must be received by Friday, August 11, 2017.
- Applicants will be notified about funding decisions before September 4, 2017.

REVIEW PROCESS
The Fisch Art of Medicine Student Awards Selection Committee will review proposals and make funding decisions.
